#### Spiral weaving -Friday 24 May 10-12.30pm

Once you have mastered this traditional spiral corn dolly weave you can use willow to make a multitude of different items for the home or garden - birdfeeders, herb hangers, napkin rings, dragonflies, bees and lots more.

**£20**

#### Plates and platters - Saturday 15 June 10-1pm

Trays made from willow were traditionally used for drying fruit but can be equally as useful and attractive for serving bread, biscuit or fruit. Templates using naturally occurring forks in willow and other woods will be provided for you to weave around to create a plate to grace your table.

**£30**

#### Fun Fridays - skill building sessions -Friday 7, 14 and 21 June 10-1pm

Join our Friday morning sessions to build you willow weaving skills. Each week we will focus on a particular weave or technique. Each will stand-alone but will also build on previous sessions.

**£25 per session or £65 if you book all three**

#### Herbs - grow them, use them and love them

Friday 28 June 2-4pm or Saturday 29 June 10-12 noon

Are you one of the many people who have herbs growing in your garden but never use them? This workshop will give an insight into the myriad of practical uses for common and unusual herbs. Be prepared to sniff and taste and hopefully be inspired to grow and use herbs for you, and the wildlife in your garden, to enjoy.

**£15** to include refreshments and some herbal treats to taste
